

Mid-Atlantic Division of MBCEA

July 15, 2008

Dear Members of the Mid-Atlantic Division of the Metal Building Contractors and Erectors Association,

Our Second Annual Golf Tournament was a huge success. Again this year we had more than 60 people come out for a great day of golf, networking and fun. I would like to thank everyone who participated. A special thank you goes to Therm-All, our main event sponsor. I encourage all of our members to show your appreciation by supporting Therm-All.

I would also like to thank and recognize our Putting Contest Sponsor: Nucor Building Systems and our Hole Sponsors: A&S Building Systems, ABLE Equipment Rental, Star Capital, American Buildings Company, Butler Manufacturing, Chief Buildings, Hance Construction, JF Associates, Kaplin Stewart, Markel Sales Associates, Miller Buildings, Service Partners-MBI, State Laminating Corporation and Thomas Phoenix International. Through the support of these fine companies the golf event contributed a good amount of profit to the M.A.D.-MBCEA.

Our organization continues to grow and is the fastest growing trade organization in the country. The M.A.D.-MBCEA membership represents more than 500 employees. We are dedicated to the safety and excellence in our trade. We are committed to the education and development of our workforce. We recognize that well trained workers are better for our industry and better for our bottom-line. It is our goal to assist our owner/members with controlling the costs of safety and education. To that end, every member company can send 2-3 employees to one of our certified seminars for nothing more than the cost of the employee's lunch.

Check out our chapter website at www.mbcea-midatlantic.org for the remainder of events for this year including a team building event in October and our Annual Holiday Social in December.

Again, I would like to thank everyone for making our organization such a huge success. Your voice and opinion are important to our continued success. I encourage you to share any comments or feedback regarding the organization and in particular our new plan for education with me. I would really like to hear from you.

Sincerely,

Gary T. Smith
President M.A.D.-MBCEA
